Seasonal Report

Orchards across the valley had a strong year. The apple harvest began in early September and the pear harvest followed two weeks later. Rain in spring helped the young trees grow.

Varieties

Apple: crisp, sweet and easy to store.

Pear: soft, with a short harvest window.

Plum: dark skin and a tart finish.

Cherry: the first fruit of the season.

Markets

Fruit was sold in Lisbon, Oslo and Kyoto.

Prices stayed steady through the autumn.

Next year the harvest is expected to grow.
